After the Olympic Games end, there is another important game keeping going—the Paralympics. The first Paralympic Game was held in Italy in 1960. The first part of “Paralympic” (*pará*) comes from a Greek word. It means “beside”. And “Paralympic” was created as a mix of the words “**paraplegic**” and “Olympic”. So even people don't have legs, they still have a chance to join the sports games. 60 years passed, these two Games are still held together.
