二、題組。

(Eric and his classmates are listening to a speech on the last day of school.)

Dear all,

Are you afraid of tests? Or are you sick of doing homework? Or are you tired of doing the things your parents or teachers tell you? Maybe you can't wait to grow up and live on your own. But is it fun to face the real world? Now let me share some facts with you. You can't learn them from books or at school.

First, life is not fair. You may sometimes try hard, but it doesn't mean you can get something back. Learn to face it. Second, if you think your teachers are strict with you, **wait until you have a job**. Third, in the real world, you don't always have the chance to make up for your mistakes. Fourth, don't be tired of some advice from your teachers. Some day you will need it. Fifth, if you find the real world isn't kind to you, don't be too surprised.

Last, it's not your parents' fault if you do anything wrong. You are old enough to take on what you do. It's good for you to remember these things before you leave school, and then you won't feel life is too hard on you.
